

CORPORATE PRESENTATION

Q1 2024

WHO WE ARE

COMPANY

European DataWarehouse (EDW) is a Securitisation Repository designated by both the European Securities and Markets Authority and the Financial Conduct Authority. The company was established in 2012 to facilitate the collection, validation, and download of standardised loan-level data for securitisations and private whole loan portfolios.

Created as part of the implementation of the European Central Bank ABS Loan Level Initiative, EDW became fully operational in January 2013 and is funded and owned by a mix of 16 market participants.

CLIENTS

Reporting entities, such as originators, issuers, sponsors, and servicers upload asset-backed securities data to EDW's platform while data users, including investors, data vendors, rating agencies, and public institutions, use EDW data for monitoring and risk assessment purposes.

EDW's team of data experts supports over 500 reporting entities, investors, and data users, communicating in over 15 languages.

Transparency & **Centralisation: Accessibility:** Fast access to raw data: ABS portfolio transparency Standardisation:

A UNIQUE ORGANISATION

EDW was created in 2012 as part of the implementation of the European Central Bank ABS Loan Level Initiative. EDW became fully operational in January 2013 and is funded and owned by a mix of market participants. EDW operates as a utility to respond to the need for improved transparency to investors and other market participants in ABS.

SUPERVISORY BOARD: Consists of currently 13 representatives and is responsible for the strategy and monitoring EDW's operations as a market initiative.

PRICING COMMITTEE: Consists of currently 8 members from the ABS industry and is responsible for setting the fee structure for EDW clients. The fees are set in line with EDW's utility approach
